

OVER A SCORE PERISH

BRITISH SHIP PENGWERN RUNS
AGROUND NEAR CUXHAVEN,
GERMANY.

BIG WAVE SINKS THE VESSEL

CREW DISREGARDED APPEALS TO
JUMP INTO SEA THAT THEY
MIGHT BE SAVED.

Cuxhaven, Germany, Jan. 14.—The British ship Pengwern, Captain Williams, from Talit, Chile, Oct. 6, for Falmouth, with a cargo of saltpeter, grounded off Scharhorn, about ten miles northwest of Cuxhaven. Twenty-four men, comprising the crew, were drowned and her cargo is a total loss. The tug Vulkan went to the assistance of the stranded vessel and, passing closely to her, the crew of the Pengwern threw a live dog and a bundle of clothes aboard the tug, but disregarded the appeals to jump into the water so that they might be rescued. The Vulkan made repeated attempts to reach the Pengwern, but a heavy sea broke over her and she disappeared from view. The Pengwern was a three-masted iron ship of 1,548 tons. She was built at Greenock in 1882 and was owned at Liverpool by the Pengwern Shipping company.

FREIGHT STEAMER ASHORE.

Clyde Liner Onondaga Strikes on Orleans Beach.

Chatham, Mass., Jan. 14.—Straying from the beaten track, the Clyde Line freight steamer Onondaga, Captain Bunnell, bound from Boston for Charleston and Jacksonville, struck on Orleans beach and is in a dangerous position. At low water the Onondaga was high and dry and the chances of saving the steamer were considered about even.

The steamer struck the beach nearly head on and the heavy sea soon drove her stern around until at daylight her nose was pointing back toward Boston. The vessel had wandered two miles off the course in the fifteen-mile run from Nausett lights to Pollock Rip Shoal lightship during a night, which though cloudy, was comparatively clear. Captain Bunnell shouted to one of the lifesavers that he thought he was considerably farther to the south and hauled his vessel in shore to pick up either land or light. Within a minute after getting a sounding of seven fathoms his vessel grounded on the bar.

The Onondaga left Boston with a miscellaneous cargo for Southern states. Two tugs have arrived at the scene but no attempt was made to float the vessel. It is expected that the greater portion of her cargo will have to be lightered before the vessel can be floated.

At dark the captain shouted ashore that his vessel was still tight and showed no signs of breaking up, although she had been hammered steadily all day and spray was flying over her.

POPE PIUS PRAISES AMERICA.

Says Her Sympathy in French Church Trouble Is Consoling.

Rome, Jan. 14.—Pope Pius Sunday received the students of the American college in Rome, who were presented by Mgr. Kennedy, the rector of the college. Mgr. Kennedy said the American students were more numerous than those of any other nationality attending institutions of learning here, there being 120 at the college. Pope Pius, after praising the students for the success they have attained in their studies, spoke to them about France, saying:

"In the war that is being waged between the clergy and hell, the expressions of unity and sympathy from Catholics throughout the world are the greatest consolation. America, especially, has distinguished herself in this way; indeed America is a great credit to us. When you return to your glorious country follow with the clergy and the people this luminous example of solidarity in the tremendous conflict against the church."

THROWN FROM HIS HORSE.

Crown Prince Luis Philippe of Portugal Severely Injured.

Lisbon, Jan. 14.—Crown Prince Luis Philippe was thrown from his horse while riding in the palace grounds and suffered severe contusions. His horse was taking a fence and fell with the prince under him. The prince was rendered unconscious but later recovered and now is considered to be out of danger.

ALREADY PUT INTO FORCE.

Czar of Russia Creates Laws Before Meeting of Parliament.

St. Petersburg, Jan. 14.—Premier Stolypin and Minister of Justice Chicheglovitch have been appointed members of the council of the empire. They retain their present posts, however.

An imperial rescript addressed to M. Stolypin expresses the hope that the ministry will be at its post after the convocation of the new parliament. It refers to the premier's difficult task of restoring public order and praises his energetic action, which effected a distinct improvement "despite foolhardy efforts and continual crimes by revolutionaries."

The emperor then refers to bills prepared by the government for submission to parliament and measures which his majesty considered so absolutely necessary that they already have been put into force before the meeting of parliament.

In conclusion, Emperor Nicholas thanks Premier Stolypin and the members of his ministry for their services and says that only in the co-operation of the new legislative bodies of the government can he see a guarantee for lawful order and the strengthening of the force of the state in accordance with the necessities of the new life to which Russia is called.

WOULD AMEND GAMBLING LAW.

District Attorney Jerome Plans Radical Changes.

New York, Jan. 14.—It is announced that District Attorney Jerome will go to Albany to present some amendments to the Percy-Gray gambling law which are designed to change certain sections of the penal code relating to bookmaking and betting on horse races. If the proposed amendments are adopted the district attorney believes it will not be so difficult to prosecute violators of the gambling laws.

Mr. Jerome's plan is to make it a misdemeanor to accept bets on a horse race at race tracks, in a pool-room, or at any other place. The effect would be, it is declared, materially to restrict or entirely prohibit horse racing in New York state.

Mr. Jerome will try to wipe out certain sections of the Percy-Gray law. In one bill he seeks to deliver a death blow to that section which says that the only penalty for bookmaking at the tracks shall be the recovery of the bet by a civil suit. In another bill he proposes to amend the penal code so as to make bookmaking at the track or any other place a misdemeanor instead of a felony, the punishment to be not more than one year in the penitentiary, or a fine of \$500 or both.

NEW YORK POLITICS.

Subject of Conference Between Roosevelt and Wadsworth.

Washington, Jan. 14.—James Wadsworth, Jr., speaker of the New York assembly, had a conference at night with President Roosevelt in which the New York political situation was thoroughly discussed. Mr. Wadsworth came here by invitation of the president and proceeded immediately to the White House. The conference lasted about two hours. Mr. Wadsworth would not discuss the conference further than to say that it related to the New York political situation and the New York legislature, but said anything further on the subject or any result of that conference would have to be given out at the White House. Mr. Wadsworth stopped for a few minutes to see his father, Representative Wadsworth of New York, and left for New York shortly after midnight.

OPPOSED TO VATICAN ENVOY.

Italy Does Not Want One at the Next Peace Conference.

Rome, Jan. 14.—Unofficial advances that have been made in an endeavor to ascertain Italy's attitude concerning a representative of the vatican at the coming peace conference at The Hague have found no encouragement. Although the relations between Italy and the church are now the best, the Italian government does not think it can abandon the principle established in 1899, when the papacy was excluded from the first conference. Besides this there is now another country that would strongly object to a papal representative—France.

North Dakota Man a Suicide.

Minneapolis, Jan. 14.—Elmer W. Fish, a druggist of Fargo, N. D., ended his life in his room in the Russell House on Fourth street south by taking a dose of morphine. The reason for the deed is not known. On Saturday Mr. Fish was arrested in Fargo on a charge of selling liquor, contrary to the state law, and was bound over for examination next Wednesday. He furnished \$200 bonds.

Famous Matador Fatally Gored.

City of Mexico, Jan. 14.—Antonio Montes, considered one of the foremost matadors of Spain, was fatally gored by a bull in a fight given in this city. Montes was about to place the sword when the bull caught him. The doctors in attendance say that he cannot survive.

FIVE PERSONS KILLED

ROCK ISLAND PASSENGER TRAIN
DASHES INTO OPEN SWITCH-
AT BARNEY, N. M.

ELEVEN PEOPLE ARE INJURED

THE SAME TRAIN WAS IN A BAD
COLLISION IN KANSAS A
SHORT TIME AGO.

El Paso, Tex., Jan. 14.—Running at a high rate of speed, Rock Island passenger train No. 60, which left here at 6:30 p. m. for Chicago, dashed into an open switch at Barney, N. M., 190 miles north of El Paso, early in the morning. Five persons were killed and eleven injured, none fatally. The dead are: Engineer, H. F. Ackley, Alamo Gordo, N. M.; Fireman E. J. Redfield, Alamo Gordo, N. M.; Harley Spence, Corona, N. M., sheep man; Andrew Herron, Bisbee, Ariz.; unknown Mexican child.

The injured are two Arabs who went from El Paso and nine Mexicans. When the train dashed into the switch the engine left the track and turned over, pinning the engineer and fireman underneath and killing them instantly. The express car, dining car and a Pullman were thrown from the track.

The train just wrecked was in collision on Jan. 2 at Volland, Kan., with No. 29 on the same road and thirty-two persons, mostly Mexican laborers on their way to El Paso, were killed and over thirty persons were injured.

SUIT AGAINST SUGAR TRUST.

Heavy Damages to Be Demanded in Action Charging Conspiracy.

New York, Jan. 14.—The sugar trust and its principal officers will be called upon within a few days to defend actions for damages aggregating \$20,000,000 and to answer in the federal courts the direct charge that by conspiracy they brought about the financial ruin of a competitor, wrecked the Real Estate Trust company of Philadelphia last summer and drove its president, Frank K. Hipple, to suicide.

The legal papers have been drawn up by the attorneys for George E. Earle, Jr., Philadelphia's reorganizer, who is receiver for the Pennsylvania Sugar Refining company. Mr. Earle has laid the allegations of conspiracy, with his evidence, before the attorney general's department at Washington and actions by the federal government under the Sherman anti-trust law are expected.

There is a fully equipped modern sugar refinery in Shackamaxon street, on the Delaware river, in Philadelphia, which has a capacity for turning out 4,000 barrels a day, but which has never been operated since it was built in 1903. It is charged by Receiver Earle that the sugar trust obtained control of this refinery and kept it idle, with the intent not only of stifling the competition the refinery was built to create but of ruining Adolph Segal, who projected it, and along with him several thousand innocent holders of stock and bonds.

CHILDREN IN FIRE.

St. John's Academy at Grand Forks Almost Totally Destroyed.

Grand Forks, N. D., Jan. 14.—The lives of over a score of children were imperiled by a fire which almost totally destroyed St. John's academy. There were thirty-two children in the building when the fire broke out at 9:30 p. m. and all were rescued.

The building was valued at \$20,000 and the loss is \$15,000, with insurance of \$7,500. There was \$1,000 insurance on the furniture and household goods. The fire started in a bathroom in the dormitory on the third floor.

HARRY K. THAW BETTER.

No Further Treatment Needed for His Attack of Tonsillitis.

New York, Jan. 14.—Harry K. Thaw, who is awaiting trial for the murder of Stanford White, seems to have recovered from the indisposition which was reported Saturday. The prison physician at the Tombs visited Thaw and found him so recovered from an attack of tonsillitis that he decided the patient did not need any further treatment. Thaw was about the corridors at the usual recreation hours and showed no ill effects of his illness. He attended the usual Sunday services.

Passenger Train Ditched.

Salina, Kan., Jan. 14.—Missouri Pacific passenger train No. 3, westbound from St. Louis, was ditched four miles east of Salina. Engineer Jake Rose was killed and Fireman Jones suffered a broken leg. None of the passengers was hurt. The accident was caused by spreading rails.

PREVIOUS RECORDS BROKEN.

Past Year the Banner One in Industrial Activity.

Washington, Jan. 14.—That the year just brought to a close was a banner one in the history of the United States' industrial activity, far outdistancing any previous record, is the deduction of statistical experts.

The statistical experts of the bureau of statistics of the department of commerce and labor say the value of manufacturers' raw materials imported in the eleven months of the past year was \$402,000,000, against \$370,000,000 in the corresponding months of 1905; and the value of manufactures for further use in manufacturing was \$223,000,000, against \$180,000,000 in the same months of the preceding year.

The total value of manufactures exported in the eleven months of the year just closed was, of manufactures for further use in manufacturing, \$220,000,000, against \$194,000,000 in a like period in the preceding year; and of manufactures ready for consumption \$438,000,000, against \$391,000,000 in the corresponding period of 1905, indicating that the total value of manufactures of all kinds exported during the year will exceed \$700,000,000.

BALLOON RACE AT ST. LOUIS.

Five More Valuable Prizes Offered in Big Event.

New York, Jan. 14.—Cortland Field Bishop, president of the Aero club of America, has announced a list of five supplementary prizes amounting to \$3,000 to be offered in connection with the coming international cup balloon race on Oct. 19 next in St. Louis. Under the rules governing the race, James Gordon Bennett gives \$2,000 to the winner. The following supplementary prizes were announced: One thousand dollars to the second balloon in the race, donor unannounced; \$750 to the third balloon, offered by the combined railroads running into St. Louis; \$500 to the fourth balloon, offered by Daniel S. Nugent of St. Louis, and \$250 to the fifth balloon, offered by a German newspaper in St. Louis.

These prizes are for balloons traveling the greatest distance. In addition, the Aero club has decided to offer a supplementary prize of \$500 for the balloon staying longest in the air.

SLEIGH TURNS OVER.

Four Persons Seriously Injured Near South St. Paul, Minn.

St. Paul, Jan. 14.—Four persons were seriously injured and a dozen others shaken up and bruised in an accident which befell a sleighride party near South St. Paul.

The rear hub of one of the busses conveying the party slewed over an embankment in the narrow part of the road, and the horses and occupants of the bus were thrown into the ditch ten feet below. The bus turned turtle and many of occupants were pinned underneath.

The most seriously injured are: Miss Belle Ramsey, Miss Mary Kneip, Mrs. H. Lawrence, Paul Thuet, Lou Delaney, Miss Annie Reid, James Kirk and Ray Pemble.

CANNON IS A CANDIDATE.

Speaker Desires Republican Presidential Nomination.

Washington, Jan. 14.—Joseph G. Cannon of Illinois, speaker of the house of representatives, is a candidate for the presidential nomination.

This statement was made by a close friend of the speaker, who said:

"At the proper time Mr. Cannon's boom will be launched. You may depend upon it that his name will be presented to the next convention.

"The only thing that can be urged against him is his age. But this does not count much in the case of the speaker. He is vigorous, full of life and energy, and, unlike most old men, he has not lost the power of initiative."

WELLMAN'S ENLARGED BALLOON.

Exhibited to Prominent French Aeronautes at Paris.

Paris, Jan. 14.—Walter Wellman's enlarged balloon, in which he hopes to reach the North Pole and which is now inflated for the purpose of testing the impermeability of the envelope, was exhibited to a number of French aeronautes in the Galerie Machine. M. Santos-Dumont, M. Deutsch and Count de la Vaulx and other men prominent in aeronautics were present and showed great interest in the plans of the explorer. Mr. Wellman considers his balloon in perfect condition.

MINISTRY IS DOOMED.

Believed That of Spain Cannot Last Out the Week.

Madrid, Jan. 14.—Indications are that the ministry will not last the week, as the efforts for conciliation by the moderate and advanced sections of the Liberals have been unsuccessful. The principal point at issue is the proposed anti-clerical association's law. Doubt is expressed as to whether the Liberals, although they have a strong majority in the chamber, will be able to form a new cabinet.

APPROPRIATION BILLS

WILL OCCUPY MOST OF THE TIME
OF THE HOUSE DURING THE
PRESENT WEEK.

BY FORAKER'S RESOLUTION

APPROPRIATION MEASURE TO BE
TEMPORARILY DISPLACED
IN THE SENATE.

Washington, Jan. 14.—Some of the time of the senate and most of the time of the house during the present week will be devoted to the discussion of appropriation bills. The senate will conclude its consideration of the legislative executive and judicial appropriation bill and may reach the Indian bill. The house will finish its work on the fortifications bill and will in turn take up the bill making appropriations for the District of Columbia and the diplomatic and consular service.

Before proceeding with appropriation bills the house will devote a day to miscellaneous bills in the interest of the District of Columbia.

It is also possible that the appropriation bill before the senate will be temporarily displaced by the Foraker resolution providing for an investigation of the Brownsville riot. Senator Cullom, who has charge of the appropriation bill, announces his purpose not to yield the floor again until this measure is disposed of and if he persists in his determination consideration of the Brownsville matter will necessarily be deferred.

The prospect of receiving Assistant Attorney General Purdy's report on that subject on Monday adds to what already holds a keen interest and a large attendance may be expected in the senate when it is under consideration. Speeches are yet to be made by Senators Spooner, Carmack and Stone, and it is not expected that Senator Foraker will permit further remarks.

The present prospect is for the practically unanimous adoption of a compromise resolution simply directing an investigation into the occurrence at Brownsville and remaining silent on the legal phases of the question.

In the senate there will be an effort to incorporate a provision in the legislative appropriation bill increasing the salaries of senators and representatives from \$5,000 to \$7,500 and unless this proposition arouses debate the legislative bill

Will Probably Be Passed with but little discussion. There will

also be an attempt to restore the house provision for an increase of the salaries of the vice president, the speaker of the house and the members of the cabinet. The fate of that proposition, however, will largely depend on the disposition of the twin provision for an increase in the salaries of members of congress.

Some of the members of the house committee on appropriations will try to secure the inclusion in the fortifications bill of an amendment looking to the creation of an island for the port defense at the mouth of Chesapeake bay and appropriating for that purpose about \$3,000,000 when the bill comes up in the house.

The house is looking forward with great expectancy to the decision of the committee on merchant marine on the subject of subsidy bill. The committee will meet on Tuesday and members say that the question will be finally decided on that day. Representative Watson of Indiana, who has consistently opposed the senate bill, now announces his willingness to accept a compromise measure providing for both Atlantic and Pacific Mail subsidies to South American ports and an increase of the subsidy to the Australian line now in existence, as well as for assistance to a new line from the Pacific coast to China and Japan.

The senate will probably return to the discussion of the Smoot case on Friday when Mr. Smoot's colleagues, Senator Sutherland and Senator Dillingham, will speak in opposition to the unseating resolution. Later Mr. Smoot will address the senate in his own behalf and the discussion on his side will be closed by Senator Foraker.

HOLD A SECRET CONFERENCE.

Judson C. Clements, James R. Garfield and President Roosevelt Meet.

Washington, Jan. 14.—Commissioner Judson C. Clements of the interstate commerce commission and Corporation Commissioner James R. Garfield were in conference with President Roosevelt for two hours at night. None of the parties present would discuss the nature of the conference. Commissioner Clements returned Saturday from Chicago, where with other members of the commission he conducted the hearing relating to the merging of the Harriman lines.

Quarrel Over a Line Fence.

Cincinnati, Jan. 14.—As a result of a two-years' quarrel over the line fence between the farms of Newton Muchmore and two brothers by the name of Fisher, which culminated in a personal encounter, Newton Muchmore, aged forty, was shot and instantly killed and his brother-in-law, Redmond, was shot through the right hand.

TO LEARN FROM THEIR PUPILS.
German Officers Will Study Methods of Jap Army.
Berlin, Jan. 14.—Four officers of the general staff are to start for Japan at once for two years' service in the Japanese army in order properly to study methods of training, strategy and other matters. These officers have been making especial preparations for this service and among other things they have taken a course in Japanese. The Japanese army received its modern training from German officers, but military men now feel that Japan has brought military science to a level equal to that which pertains in Germany and they believe they probably can learn something new from the soldiers of the mikado.

Whereas, default has been made in the conditions of a Mortgage, executed and delivered by Carrie P. Hill mortgagor, to The Dixon Land Company mortgagee, dated June 14th, 1905, and recorded in the Registry of Deeds of Crow Wing County, Minnesota, on July 7th, 1905, at 8 o'clock A. M., in book Q of Mortgages, on page 256 on which there is claimed to be past due, at the date of this notice \$100 with interest at 6 per cent per annum since June 14 1905 and the Mortgagee elects to consider the whole sum secured by said mortgage due as it is authorized to do by the terms of said mortgage and there is therefore now due \$200 with interest at 6 per cent per annum since June 14th, 1905 and no action of proceeding has been instituted to recover the debt secured by said mortgage or any part thereof.
Now, Therefore, Notice is Hereby Given, that under a power of sale contained in said mortgage, and the statute in such case provided, said mortgage will be foreclosed by sale of the mortgaged premises by the Sheriff of said Crow Wing county, at public auction, to the highest bidder for cash, at the front door of the county court house, in the city of Brainerd, Crow Wing county, Minnesota, on the 25th day of February, 1907, at ten o'clock in the forenoon, to satisfy said mortgage, and costs and expenses of sale, including \$25 attorney's fees, as stipulated in said mortgage.
The premises described in said mortgage, and so to be sold, are situated in Crow Wing county, Minnesota, and described as follows, to-wit: The southwest quarter of the north-west quarter and a parcel of land described as follows, viz: Beginning at the southeast corner of lot four (4), from thence running north to the shore of Serpent lake, thence along the shore of said lake in a southwesterly direction far enough so that a line projected south to the south line of lot four (4) and from thence east on said south line of said lot four (4) to the place of beginning will contain three (3) acres all in section thirteen (13) township forty-six (46) range twenty-nine (29) and containing forty-three (43) acres more or less.

Great Clearance Sale.

Judging from the way the people came out yesterday and the way they picked up the thousands of bargains the CALE Department Store offered, was certainly a marvel. This immense stock may last the 15 days as advertised, but if the people keep coming as they did yesterday, we doubt about it's lasting when the people from the country begin to come in for their share of this great sale, there will be a busy place in this popular store.

Of course, the best bargains are always picked up first and the early buyer takes advantage of this fact, but new bargains are daily being added to this great sale.

Try and get your share of the bargains offered in this great 15 day sale.

REVIVAL MEETINGS
HELD IN TABERNACLE

Five Enthusiastic Meetings Held
Sunday During the
Day

ATTENDANCE NEARLY 5,000

Dr. Riley Preaches Tonight on
"Is the Devil In the
Dance"

No greater gatherings were ever seen in Brainerd than those which thronged the Tabernacle Sunday put up to accommodate the people interested in the Riley-Martin revival services. A conservative estimate of the number that attended the five meetings held there Sunday places it at about 4,800. At the morning service 1,200; Sunday school scholars and teachers, 1,000; afternoon men's meeting, 800; young people meeting and evening service, 1,800.

The spirit of criticism concerning heat, light, comfortable seating and the need of such a building to house the crowds now interested in sacred things, was silent Sunday after the first meeting had taken place. As the great throngs poured out of the Tabernacle not a disparaging remark was heard. All were satisfied and particularly those who advanced the advisability of building it. But one or two things are yet to be improved upon; one of them being to put several skylights on the roof to give additional light. While Sunday was neither a very cold or a very windy day, yet the cold was intense enough to try the ability of keeping it warm, and notwithstanding the fires were burning low, it was as comfortable as any church or public place in the city of Brainerd.

The interior of the Tabernacle is quite prettily decorated, which was done late on Saturday night by several score ladies, and adds very much to its appearance.

COST OF TABERNACLE WAS RAISED.

It was the agreement of the finance committee of the revival that Dr. Riley raise the money covering the cost, and to this end he showed himself a past-master at raising finance. At each meeting, after a brief explanation of the money necessary to defray the cost of erection, the money was asked for, and while it is not yet known just how much was raised, many were of the opinion that the money subscribed was sufficient.

MORNING GATHERING

If a stranger had come late at night on Saturday and rose Sunday to wend his way to some church, he might have found nine churches, closed; but had he found his way to the Tabernacle he would have found at 10:30, the preachers and people of those nine empty churches, and many hundreds of non-church goers at worship there. It was a large mass choir fully 125 that led the large audience in the first rousing hymn of the morning service. After the preliminaries which were conducted by some of the local clergy, Dr. Riley preached on "The Aim of the Church." To adequately give a synopsis of the sermon and its general effect on the audience, would be out of the question. Basing his remarks on the utterance of the Master, "The Son of Man is Come to Seek and to Save that which is Lost," with convincing logic and fact he proved that Christ had proved Himself to be indeed a Saviour of the soul of man. "Christ's mission is still the mission of the church and every disciple that bears His name," said the preacher, "and alas for that church dedicated to the cause of the Kingdom of Righteousness that forgets it." It was a brave and strong utterance which spared neither the negligent church member, preacher within the church or

the critic on the outside. Many rose for prayer at the close of it.

DISCOURSES TO THE SUNDAY SCHOOL SCHOLARS
Immediately following the morning sermon a great army of Sunday school scholars, teachers and officers filed to their allotted places in the Tabernacle, and after taking the roll of scholars present, were addressed appropriately on, "Remember now thy Creator in the days of thy Youth." Apt illustration, plain telling sentences, and a touching appeal to scholars old and young, to many minds, made this one of the most touching meetings of the day. As a result of this meeting it is estimated that fully a hundred of the older scholars gave their names for church membership. It was a gathering that will never be forgotten by those present.

A LECTURE-SERMON TO MEN ONLY

Fully 900 men were stirred at the afternoon service while listening to a sermon-lecture on, "I Have Played the Fool, and have Erred Exceedingly," the utterance of Saul of old. This sermon has been delivered by Dr. Riley to scores of thousands of men all over the country and is considered one of the most virile and eloquent utterances by any pulpit orator in America. It is hard to conceive of a possibly greater address to men than it. The address was prepared for men and dozens of men were moved to a Christian life as a result of it.

The Choir at the Big Tabernacle.

sult of its being preached at the meeting Sunday afternoon. Many who gave their names were men who had never darkened the doors of churches for many years. The sermon traced the falling of great Saul before the great tragedy that came into his life; his fall from light to darkness, from a throne to a suicide, and its cause. Applying its suggestions he showed how many thousands of men in these modern times still play the fool, thus bringing sin, regret, penalty and tragedy into their lives as did Saul of old.

LARGE GATHERING AT 6:30

Fully 500 young men and women attended a young people's service for prayer and praise, which proved to be greatly inspiring. Rev. McLeod conducted the meeting, and it was a meeting that proved conclusively that the young people of Brainerd are catching the revival fire and spirit.

MAMMOTH EVENING SERVICE

Long before Dr. Riley took his seat upon the platform the Tabernacle was crowded to the doors. Platform and audience room contained 1,800 people, while quite a few who came to the doors and saw the immense crowd within and no possible seat returned to their homes.

STIRRED HUNDREDS OF HEARTS

"Art Thou a Coward?" was the theme discoursed upon at the mammoth evening gathering, the preacher going hard after church members in particular who played the coward's part in not acknowledging Christ, the men and the women who play the part of "secret discipleship."

Dr. Riley is announced to preach on the following themes throughout the week, and it is quite evident that some pertinent utterances will form parts of the announced series:
Monday—"Is the Devil in the Dance?"
Tuesday—"My Trouble is this—!"
Wednesday—"Theatre-Going Versus Godliness."
Thursday—"I'll See You Tomorrow."
Friday—"The Christian and the Card Table."

Fred Hagadorn, George Snell and Wm. Smith on the Stand in the Towers' Murder Trial

STORIES AGREE PRETTY WELL

Cross-Examination Does not Make
any Very Material Change in
the Stories They Tell

When court reconvened Saturday afternoon Fred Hagadorn resumed the stand on cross examination. Attorney Hall directed his batteries to trying to make the witness admit that he had been drinking heavily that day and was not in a condition to know just what did occur. He also tried to draw from him an admission that there was more occurred in Hughes saloon than he had sworn to, also that there were others present besides Towers, the two Hagadorns, Snell, Smith and the bar tender.

GEORGE SNELL

The second witness sworn was George Snell, who accompanied the Hagadorns and Smith the rounds of the saloons as

HELD AN INQUEST

Barbers Held an Inquest on the Remains of their Dead Mascot—Verdict is Murder in First Degree.

When Tim Dwyer went to the barber shop Saturday morning he found his pet duck—the official mascot of the local union J. B. L. of U., with his head sticking through the netting surrounding its quarters, dead. The head was partially eaten away and the blood had evidently been sucked at the back of the neck. A coroner's jury consisting of Louis Sherlund and four barbers held an inquest and its verdict was that the duck came to its death at the hands of a weasel. Vengeance was vowed on all weasels by resolution of the barbers union.

CURE YOUR KIDNEYS

Do Not Endanger Life When a Brainerd Citizen Shows You a Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalid, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work. If you have any, even one, of the symptoms of kidney disease, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Brainerd testimony.

Mrs. Peter Hedwell, formerly of 411 Second Ave., N. E., Brainerd, Minn., says: "The use of Doan's Kidney Pills by Mr. Hedwell proved them to be worthy of all confidence. I am not exaggerating in saying that it only required a few doses to remove a persistent pain in the small of the back over the kidneys, from which he had suffered considerably. Doan's Kidney Pills were procured at H. P. Dunn & Co's drug store, on Front Street. Our experience with this remedy proved that anyone suffering from backache or kidney complaint in any of its various forms would do well to try Doan's Kidney Pills. We endorse them emphatically."

saloon. Witness went to the Walker candy store. Albert Hagadorn was lying on a cot or lounge in the back part of the store. Witness did not see any wound on Hagadorn. Witness swore that Hagadorn was physically all right when he was with him prior to the shooting, that there was nothing in his physical condition that so far as witness knew cause death. Witness did not see Towers point gun toward himself, Snell. It was three or four minutes after the shooting that he saw Hagadorn lying on the lounge in the candy store. The telephone pole that had been mentioned stood outside the sidewalk, in the street south and a little east of the southeast corner of McLean's saloon. Tower stood south and west of the telephone pole when he did the shooting. Towers was crossing the sidewalk when witness first saw him.

CROSS EXAMINATION

Attorney Hall then took the witness and went after his testimony and his record. He asked him about being fired from the service of the Northern Pacific railway company. Also drew from him that he was a deserter from the military service of the United States, that he came back to Brainerd after he deserted and worked for the Minnesota & International and the Northern Pacific. That it was four or five years ago that he deserted. Witness stated that he was married in September last. That he was living with the woman he married and that he had not lived with her before he married her.

Q. "When did you begin drinking Christmas?"

A. "About nine o'clock in the morning."

Q. "When did you begin the day before?"

A. "Didn't begin."

Witness denied that he was with the Hagadorn boys the night before. Met them and Smith at witness' home about eight o'clock in the morning. Went to Hughes' saloon. Had one glass of beer apiece. Then went over town. Met Fred Hagadorn. Went into Herbst's saloon. Had two rounds of drinks. Witness took beer both times. Albert took cigars. Had taken one glass at Hughes', but did not drink at Herbst's. Party did not go into every saloon they passed. Passed two or three after leaving Herbst's. Next saloon they went into was Holden's passing two or three on the way. Witness drank glass of beer there. Went to another and drank. Went into the Ransford next. Witness drank glass of beer there. Went to another saloon and drank glass of beer there, then went to Earl hotel. Bartender stood treat there. Witness drank glass of beer. None of party stood treat there. Witness denied that party had been around getting free drinks, first getting a round "on the house" because it was Christmas, and then buying a round. No particular order as to who paid for the drinks. At every place specifically mentioned Albert paid for the drinks. They visited five saloons in "West" Brainerd before returning to East Brainerd. Denied going from Earl hotel across the street—had been there before they went to Earl hotel. Asked if they went to Crowley's saloon he said he told of that before going to Ransford.

From Earl hotel they went straight to East Brainerd. Horn was with the four when they entered Hughes' saloon. Towers and Poppenberg were there.

Denied seeing Sam Butress there. Did not see anyone in the card room opening off the saloon. Did not hear what Fred and Albert were talking about. Did not hear Albert say "There's your meat," or "There's your man." Witness explained that he stood at the north end of the bar looking south. Poppenberg stood next and then Towers. Did not know where Smith and Horn were standing. Did not see Albert approach Towers. Heard him say something to Towers. Did not hear what Towers said something to Albert, did not hear what Albert struck Towers who had stepped back from the bar and he fell down. Fell against the wall and lay on the floor sort of leaning against the wall. Fred caught hold of Albert and told him to let Towers alone. Witness grabbed Fred and tried to make him let Al. alone. "Give Al. fair play." Horn grabbed the witness and told him to keep out of the row. Witness denied that he kicked Towers, denied that anyone else kicked Towers. Denied knowing who hit Towers on the chin or that his face was bloodied. Denied knowing that his chin was skinned or who did it. Witness said he and the rest turned away from Towers leaving the old man lying on the floor; that they did not look to see whether he was hurt or how bad—did not know by which door he left the saloon or when he left. Witness denied knowing anything about the previous trouble between Towers and Fred Hagadorn. Denied being a party to the feud or in any way interested save wanting to see Albert have "fair play" in his attack on Towers.

Snell said it was time to go home to dinner. Smith said "Yes." Horn had left just after Hagadorn hit Towers. Snell admitted going to his home to get a gun. Admitted that he might have got one had his father not been at home. When they met Towers on corner Towers paused, then went into street. Witness saw Towers shoot at Al. but did not see anything afterwards. Got around the corner of the building out sight. Saw Fred go into the street. When they scattered could not say whether Smith was ahead of him or not. Did not have time to look. Could not say that the old man looked daffy—he was pale—did not see any blood on his face. Witness admitted that he was examined before the coroner's jury and that he testified to Hagadorn being about ten feet from the saloon door when Towers appeared, also admitted that he had just testified that he was three or four feet from the door. Did not wish to change his testimony.

RE-DIRECT EXAMINATION

On re-direct examination witness swore that it was after Hagadorn was shot that he went home to get a gun. Witness was then excused and court adjourned until nine o'clock Monday morning.

The court informed the jury that they would be kept together over Sunday and that anything that he could do for their comfort would be done. A juror asked that they might have more reading matter and another asked that his family might be informed that he could not come home and the sheriff was instructed to attend to both requests.

HOSTS OF GOOD PEOPLE

All Over This Blessed Land Rise Up and Praise Dr. Pierce's Family Medicines.

Common Gratitude Prompts This Sentiment in Favor of Dr. Pierce's Medicines.

These people, so ready and anxious to recommend Dr. Pierce's Medicines, have themselves been cured, or some friend or loved one has been cured, by these medicines. Naturally, a sense of gratitude prompts such persons to recommend Dr. Pierce's medicines to other afflicted ones. Notwithstanding that these medicines have been on general sale, in drug and medicine stores, for more than two decades, yet their sale continues to grow as it could not were they not medicines of more than ordinary merit.

Although base attacks have sometimes been made upon Dr. Pierce's medicines, which temporarily injured their sale, as in the case of the maliciously, false, slanderous and libelous article published in 1904 in the Ladies' Home Journal of Philadelphia, yet their sale is greater to-day than ever. The publishers of this paper were brought to account and judgment obtained against them in consequence of their malicious article concerning Dr. Pierce's Favorite Prescription. The falsity of its statements were proven in open court and judgment was obtained against its publishers for a substantial amount.

Thereupon Dr. Pierce decided to take a bold step and publish to the whole world a full list of the ingredients entering into his medicines, and this completely confounded his malicious traducers and vindicated both the Doctor and his medicines. In consequence, his medicines have enjoyed popularity and increase in sale of late, amounting almost to a boom, and it is believed that this greatly increased demand is due largely to the fact of Dr. Pierce's open, honest way of treating his patrons and patients by reposing confidence in those who trust in him and his medicines. He has no secrets to withhold from them. He publishes the composition of his medicines openly and above board, so that all who use them may know exactly what they are taking. Thus they are placed in a class all by themselves and cannot be considered as either secret or patent medicines, for they are in fact neither.

WHAT THEY CURE. People often ask "What do Dr. Pierce's two leading medicines—'Golden Medical Discovery' and 'Favorite Prescription' cure?"

Briefly, the answer is that "Golden Medical Discovery" is a most potent alterative, or blood-purifier, and tonic, or invigorator, and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder curing a large percentage of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is generally successful in affecting cures. In fact the "Golden Medical Discovery" is without doubt, the most successful constitutional remedy for all forms of catarrhal diseases known to modern medical science. In chronic Nasal Catarrh Dr. Sages Catarrh Remedy fluid should be used for washing and cleansing out the nasal passages while taking the "Discovery" for its blood cleansing and specific, healing effects upon the mucous lining membranes. This combined local and general treatment will cure a very large percentage of the worst cases of chronic nasal catarrh, no matter how many years' standing they may be.

As to the "Favorite Prescription" it is advised for the cure of one class of diseases only—those weaknesses, derangements and irregularities peculiar to women. It is a powerful, yet gently acting, invigorating tonic and nerve. For weak, worn-out, over-worked women—no matter what has caused the breakdown, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, strong, vigorous condition of the whole system.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most of our obstinate and most fatal diseases, if we would properly investigate them; and, in confirmation of this firm conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affec-

tions, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of leucorrhea, painful periods, irregularities, prolapsus and other displacements, ulceration of uterus and kindred affections, often after many other advertised medicines had failed.

Both these world-famed medicines are wholly made up from the glyceric extracts of native, medicinal roots, found in our American forests. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each of their wrappers. They are both made of such native medicinal roots as have received the strongest endorsement and praise for their curative virtues from the most prominent writers on *Materia Medica* in this country. What is said of their power to cure the several diseases for which they are advised may be easily learned by sending your name and address to Dr. R. V. Pierce, Buffalo, N. Y., for a little booklet which he has compiled, containing copious extracts from numerous standard medical books, which are consulted as authorities by physicians of the several schools of practice for their guidance in prescribing. It is FREE TO ALL. A postal card request will bring it.

You don't have to rely solely upon the manufacturer's say-so as to the power of Dr. Pierce's medicines to cure, as with other medicines sold through druggists. You have the *disinterested* testimony of a host of the leading medical writers and teachers. Send for this copious testimony. It can be relied upon to be truthful because it is *entirely disinterested*.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic, "just as good." They are the *original* Little Liver Pills first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. They are tiny sugar-coated granules—easy to take as candy.

AUCTIONEERS' SCHOOL.

"Going, Going, Gone!" to Be Heard Often in Macon.

THE FIELD NOT OVERCROWDED.

Real Good Auctioneer's Services Will Be More in Demand Than Those of First Class Lawyer, Says Colonel Millard Gross—Crying Wares and Persuading Unwilling to Buy a Fine Art, He Claims.

Colonel Millard Gross, a veteran auctioneer, who has for a long time been engaged in crying stock sales at the St. Louis, Kansas City and St. Joseph markets, has moved to Macon, Mo., and is making arrangements to establish a school for auctioneers there, writes a Macon correspondent of the Kansas City Star.

It is not by any means a fanciful scheme, but a practical business proposition. Colonel Gross has achieved a wide reputation by his success in selling blooded stock as well as the inferior grades and commands the highest wage paid any auctioneer in the middle west for that class of work. He will fit up a large auditorium, where he will drill his pupils and will in fine weather take them out on a ten acre lot for them to exercise their vocal organs against Gross's pure air.

"There is as much art in the auctioneer business as any other profession a man can follow," said Colonel Gross. "You couldn't cry a sale and get the people so much enthused that they will pay good prices unless you proceed on a method. Your enunciation must be good, your health perfect and your belief in your influence over humanity must amount to an absolute conviction."

"Some auctioneers could get good figures for a lot of stuff that would only be marketable otherwise to the junk dealer. Others would fail in realizing fair prices for the contents of a palace. Mesmerism, personal influence, or whatever you please to call it, must center into the life work of the successful auctioneer. I am getting out a textbook containing a number of witticisms more or less original and other devices for the man who is ambitious to succeed in this line. Of course nothing can take the place of personal instruction. I will not claim to make a good auctioneer out of every applicant, but I am certain that I can develop a pretty fair article out of every pupil I accept."

"It is a profession that is not now and never will be overcrowded. A real good auctioneer will have more of a demand for his services and have a wider territory to cover in response to his calls than a first class lawyer, and he will make more money."

"The auctioneer requires much the same talent as the preacher does. Both must be strong voiced, self confident and dreadfully in earnest. Yes, I believe a course in our school would be beneficial to the man who wants to auctioneer. We teach elocution, the choice of words and to be short and terse in language."

"The auctioneer must be honest. With all his skylarking and fun he must realize that there is no greater sin than to deceive a customer. If he sells shoddy goods he must not warrant them for the genuine article. Men buy from the auctioneer, not the owner of the goods. The man who cries the sale is the one who gives the warranty. The conscientious auctioneer demands of his employer that he represent his goods to him faithfully, and he stipulates in the contract that anything sold not up to the description must be returned and the money refunded."

"In the country the demand is ever increasing for capable men to cry stock sales and the sales of farming implements, etc. But in the cities the business handled covers a much wider range, including every class of merchandise and manufactured articles, jewelry, stock, household goods, city lots and other things."

"Of course a school to teach auctioneering is something new in this state, and I don't know how it will turn out, but I am confident that with our course we can give almost any person of average intelligence, man or woman, an education that will put him in the way of making more dollars than he ever made before."

Tigers Reared by Dogs.

An interesting experiment by which two tigers are being reared by dogs is at present the subject of general attention at Blackpool, England, says the London News. A day or two ago three tigers were born at the Tower menagerie. The mother was unable to sustain them, and as they were threatened with death if something was not quickly done the manager, James Walmsley, introduced two female collies, under whose care the cubs are thriving remarkably. The foster mothers appear delighted with their new responsibilities.

Judgment Day Warning on Eggs.

A citizen of Hohenwald, Tenn., recently found that one of his hens had laid an egg upon the shell of which was plainly water lined the words, "Prepare for the judgment, for it is close at hand." The find was made known, and the egg immediately became the center of much curiosity, says a Dickson (Tenn.) dispatch to the New York World. It is now on exhibition at Hohenwald and has caused consternation among the superstitious. Many believe it a warning of the judgment day.

ACCUSED OF CONSPIRACY.

Two Men Arrested for Trying to Bunko a Physician.

Washington, Jan. 14.—What is charged by the police to be a scheme to defraud a Washington physician out of \$5,000 led to the arrest of Frank F. Homans of Paris, France, and David T. Tanner, alias Townsend, of White Plains, N. Y., on the charge of conspiracy. The two men were taken into custody in an uptown hotel after Dr. Thomas J. Kemp of this city had reported to the police that Tanner had made a proposition to him to enter into a deal "to put a New York gambling house out of business." Dr. Kemp declares that the men assured him that by investing \$5,000 he could easily win from \$200,000 to \$300,000 within one week. The physician, however, says he did not put up any money, but encouraged the men to secure evidence, "get-rich-quick" scheme, according to Dr. Kemp's report to the police, was that Dr. Kemp was to pay \$5,000 and Tanner, who claimed to be manager of the gambling house, was "to tip Homans and the physician off on the run of the cards in a faro game." Tanner and Homans were looked up at the First precinct station. Both men deny the charges.

STEAD WRITES EO THE POPE.

Briton Seeks Pontiff's Aid in His Peace Campaign.

Rome, Jan. 14.—W. T. Stead, in connection with his efforts to interest Pope Pius in an international peace movement, wrote Cardinal Merry del Val, the papal secretary of state, enclosing a letter to the pope in which he described his ideas as to the action the vatican should take and pointing out the enormous moral influence such action by the pope would create. It is reported that Mr. Stead's desire is that Pope Pius issue an encyclical in favor of peace and the limitation of armaments.

PLASTERERS ON STRIKE.

Jamestown Exposition Workmen Demand Higher Wages.

Richmond, Va., Jan. 14.—Plasterers to the number of 100 employed on the construction work of the Jamestown exposition have made good their threat to strike and declare that they will not return to work unless their demands are complied with. Their objection is going to the offices of the contractors to get their money once a week and wish it brought to them while they are at work. They also ask increase in pay from \$5 to \$6 a day.

Surrendered to Cuban Authorities.

Havana, Jan. 14.—The three American negro teamsters in the employ of the army who were arrested by the provost guard at Camp Columbia Saturday on the charge of having assaulted a woman at Marianao have been surrendered to the civil authorities and will be brought to trial Tuesday.

GRUESOME RELIC OF A TRAGEDY.

Headless and Armless Body of a Man Found.

New York, Jan. 14.—The gruesome relic of a tragedy has been found in a scow in East river in the form of the headless and armless body of a man. The dismembered body had been brought up by a dredge and carried out to sea in the mud scow, where it was discovered and brought back. It was taken to the morgue and the coroner is investigating the murder theory.

It was impossible to tell whether the man had been drowned or murdered and thrown into the river.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Loss of Power To Digest Food.

The most important function of the organs of the body is the digestion and assimilation of food, and in this process is consumed an enormous quantity of nervous energy.

As the result the moment disorders of the nerves arise, digestion is impaired, and the very source of health, strength and vitality interfered with.

To prevent physical bankruptcy the nervous system must be built up by outside aid such as the use of Dr. A. W. Chase's Nerve Pills, a preparation composed of the very elements of Nature which go to form new blood and nerve cells.

Besides this restorative influence on the whole system, Dr. A. W. Chase's Nerve Pills have an immediate and direct effect on the digestive system. They stimulate the nerves of taste and induce a good flow of saliva to aid digestion. They excite the glands of the stomach and produce a plentiful supply of gastric digestive fluids. Dr. A. W. Chase's Nerve Pills, 50 cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
